Subject: Scope of Work for Operable Unit 2 at US Oil Recovery Superfund Site
Date: Tuesday, July 23, 2013 1:26:18 PM
Attachments: [USOR OU-2 Scope of Work 07 23 2013 DRAFT FINAL.pdf](#)

Hi Raji – please see attached the Scope of Work for Operable Unit 2 (City of Pasadena/MCC Property) at the US Oil Recovery Superfund Site. We previously sent the Scope of Work for Operable Unit 1 (USOR Property). This document is very similar to the document for Operable Unit 1 in format and content. The site description and other items specific to Operable Unit 2 have been revised, as necessary. Proposed sample locations are obviously also specific to Operable Unit 2.

We look forward to discussing your review of the document.

Please contact me with any questions.

Regards,

Matt
